Subject Index

Acupuncture:
  effects of on adrenocortical hormone production, 160
  effects of on cardiovascular system, 245
  effects of on cataracts, 136
  effects of on the citrate and glucose metabolism under stress, 356
  effects of on enterochromaffin cells, 290
  effects of on errors of refraction, anisometropia and amblyopia, 120
  effects of on glaucoma, 149
  effects of on healed retinal detachment, 152
  effects of on high myopia, 116
  effects of on optic atrophy, 123
  effects of on retrobulbar neuritis, 126
  effects of on surgical aphakia, 147
  in treatment of low back pain, 181
  use in ophthalmology, 104
Acupuncture analgesia:
  and central neurotransmitter, 331
  and endorphin in CSF, 281
  central neurotransmitters implicated in, 342
  in neurosurgery, 271
  the neural pathways and the related neurotransmitters in, 343
  the role of acetylcholine in, 338
  the role of catecholamines in, 339
  the role of the caudate nucleus in, 279
  the role of endogenous opiate-like substance upon, 334
  the role of 5-hydroxytryptamine upon, 332
  triple contrary effects of, 272
Acupuncture and electrical stimulation: mechanism of in the treatment of drug abuse, 349
Acupuncture loci (or points):
  anatomical findings at, 170
  for craniocerebral operation, 272
  for treatment of deafness, 388
  neurophysiological demonstration of, 367
Acupuncture therapeutics for sensori-neural deafness, 385
Acupuncture tolerance and endogenous antiopiate substance, 341
ACTH and TSH: in naloxone-induced morphine withdrawal in rats, 167
Adrenocortical hormone production to stress: effects of acupuncture upon, 160
Alchemy: Chinese, 307
Anatomical findings at acupuncture loci, 170
Anticancer agents: the use of herbs as, 301
Annona cherimola seeds: an uterotonic substance from, 268
Behavioral responses and plasma level of ACTH and TSH in naloxone-induced morphine withdrawal in rats, 167
Cantharidin, 304
Cardiovascular system: effects of sodium salicylate, morphine and acupuncture upon, 245
Central neurotransmitters and acupuncture analgesia, 331
China's health system: determinants, 193
Chinese alchemy, 307
Chinese drugs:
  in the treatment of goitre, 17
  in the treatment of diabetes mellitus, 21
Chinese medicine:
  its role in health care in Singapore, 26
  neutron activation analysis of, 47
Chinese origin of the word *alcohol*, 239
Citrate and glucose metabolism: effects of acupuncture upon, 356
Cochitzapotl *(Casimiroa edulis)*, 87
Colchicine and colchicinamide, 302
Camptothecin and Hydroxycamptothecin, 302

Contemporary Japanese medicine: influence by traditional therapeutic systems, 221
Curzerenone, 304
DNA synthesis: effects of ginsenoside Rg_1 of *panax ginseng* upon, 261
Doctor-patient relations in Japan, 37
Drug abuse: in the treatment of by acupuncture and electrical stimulation, 349
Drug dependence: treatment of with traditional therapeutics in Southeast Asia, 230
Electroacupuncture:
effects of on ACTH and TSH, 167
effects of upon behavioral response, 167
on endorphin level of heroin addicted and normal subjects, 154
Electropermeable points: method for locating of, 283
Enkephalin:
and acupuncture analgesia, 281
in the mechanism of acupuncture and electrical stimulation, 349
Endorphin level and electroacupuncture, 154
Enterochromaffin cells: effects of acupuncture upon, 290
Folk medicine in Taiwan, 314
Harringtonine and homoharringtonine, 302
Health system in China, 199
Hepatic cancer in Chinese: geographic pathology, 1
Hepatocellular carcinoma in Chinese:
etiology, 8
incidence, 2
Herbs: use as anticancer agents, 301
Indirubin, 304
Juzan (leprosy): treatment of by Unani medicine, 370
Low back pain: treatment of with acupuncture, 181
Lycobetaine, 304
Magnesium content of Chinese medicine, 47
Male birth control pill, 195
Mexican plants: in the treatment of cardiovascular disease, 86
Mitosis: effects of *panax ginseng* upon, 254
Monocrotaline, 304
Morphine: effects of on cardiovascular system, 245
Naloxone induced morphine withdrawal in rats: effects of acupuncture upon, 167
Neurophysiological demonstration of acupuncture points, 367
Neurosurgery and acupuncture anesthesia, 271
Neutron activation analysis of Chinese medicine, 47
News and Views, 297
Ophthalmology: treatment in by acupuncture, 104
Oridonine, 304
Panax ginseng: effects of on mitosis in human blood lymphocytes, 254
Phosphorus content of Chinese medicine, 47
Postoperative pain: relief of by transcutaneous electrical nerve stimulation, 190
Potassium content of Chinese medicine, 47
Protein content of Chinese medicine, 47
Ryodoraku, 283
Sensori-neural deafness: treatment of by acupuncture, 385
Shan-dou-gen *(Euchresta formosana):* effects of upon metabolic, respiratory, vasomotor activities and body temperature, 96
Sodium salicylate: effects of on cardiovascular system, 245
Taiwan: types of medicine and healing in, 313
Thermoregulatory effects of Shan-dou-gen *(Euchresta formosana),* 96
Traditional medicine in Taiwan, 314
Traditional therapeutics: in treatment of drug dependence in Southeast Asia, 230
Traditional therapeutic systems: influence of on cosmopolitan medicine in Japan, 221
Transcutaneous electrical stimulation for relief of postoperative pain, 190
Trigger points, 174
Unani medicine: treatment of leprosy by, 370
Uterotonic substance: extract from *Annona cherimola* seeds, 268
Western medicine in Taiwan, 314
